ONTARIO

THE ONTARIO HOSPITAL
MIMICO

March 5th, 1920.

Dear Principal Falconer:

In answer to your letter of the 2nd instant I beg to say that in view of the elimination of the Medical Staff of the Ontario Hospital at Toronto and the removal of the patients to Whitby some assistance in clinical instruction may be required from the staff at this place next winter. With this possibility and with other prospective changes it will probably be advisable to defer till next year the change to which the Secretary of the Faculty has made reference, and I believe Dr. Clarke will also agree with this view.

I very much appreciate the consideration which prompted your letter.

Yours sincerely,

N A Beeman

Robert A. Falconer, Esq.,
President,
University of Toronto,
TORONTO. ONTARIO.

March 2nd, 1920

Dr. W. R. Greener,
Asylum for the Insane,
Kinsico, Ont.

Dear Dr. Greener:

The Secretary of the Faculty of Medicine is now drawing up the Calendar for next session and he writes to me asking whether your name should not now be [illegible] from the Calendar as you have not been doing any practical work in connection with the Faculty for quite a number of years. I did not like to take any steps without referring the matter first to yourself.

Yours sincerely,

President.
